This project adds grades 7 and 8 to the existing high school, and also relocates the District Administrative Offices into a new addition

Scope of work

- New access road to the campus, and improved site circulation.
- Improved storm water management.
- New classroom and gymnasium addition.
- New District Administration Office addition.
- Updated mechanical / electrical and plumbing systems in existing school.
- Updated kitchen equipment.
- Updated pool equipment.
- Building commissioning to ensure proper mechanical system installation and operation.
