The school serves 744 students in grades 5 - 8.

The existing one-story middle school classrooms and building were completely renovated.

One-story additions were constructed housing a new fifth and sixth grade wing, administrative offices, library, cafeteria and kitchen.

The exterior design blends the existing building with the current design.

New Bus Garage

Newly constructed in 1999. It contains 6,000 s.f. of space, and includes a parts storage area, meeting room, restrooms, 3 offices and 4 garage bays. Constructed for \$636,600.
