North East High School serves approximately 680 students in grades 9-12. The existing building, located on a 75-acre campus, was originally designed by HHSDR and was constructed in 1979.

The scope of work includes the following:

- Update interior finishes, including carpeting and student lockers.
- Update environmental systems.
- Update the science classrooms.
- Update the food service function.
- Replace windows.
- Bring the building up to today's code standards, including the Americans with Disabilities Act.
