Owens Field has been an Apollo Borough icon since 1919. After a study, the District decided to renovate the field instead of relocating it out of the Borough to the high school campus.

The football/soccer field was slightly realigned and received new sod, as well as a new drainage system.

New structures include:

- home and visitor bleachers,
- field house/concession building,
- ticket booth,
- press box,
- lighting, scoreboard
- two perimeter fences
- parking for the disabled, emergency vehicles and buses,
- new perimeter walkway
