INITIAL CLASS: 52 STUDENTS

This state-of-the-art graduate study facility is converted from an elementary school.

It is designed to educate and train students seeking a master's degree in the university's Physician Assistant program.

Elements

- Enhanced environmental systems.
- New finishes and improved lighting.
- Redesign of the office suite and classrooms.
- Design of new "classatories", labs with classrooms in the same space.
- New computer labs and updated technology systems.

"I want to thank you and your team for pulling together a 'quality design' under extreme time constraint. It was job well done in the short amount of time with all constituents happy!"
