To Whom It May Concern:

As Executive Director of the Intermediate Unit 1, I have had the privilege of working with the architects from the HHSDR Architectural firm for the past five year. The Intermediate Unit 1 has embarked on a number of capital improvement renovation projects during this time and has been very pleased with the quality of work provided by the firm of HHSDR. Their attentiveness to detail and the overall regard for their clients is very obvious. One of their tasks was to design our FAB Lab at the Colonial Campus site. They renovated a 50-year-old library setting into a state of the art FAB Lab facility. It has been the envy of all who have visited it.

What also has impressed me the most has been the attention given to us, no matter how small or how large the project has been. Other firms have not given this same quality of "service" to us.

It is without hesitation that I give my highest recommendation to you, on behalf of HHSDR, in your search for an architectural firm. I strongly believe you will be as satisfied with the quality of their work as the Intermediate Unit 1 has been.

If you have any questions, or if I can be of further assistance, please do not hesitate to call me.

Sincerely,

Charles F. Mahoney III
