

February 11, 2013

Mr. Eric Hunter, Partner
Hudson Companies
2450 Shenango Valley Freeway
Hermitage, PA 16148

Dear Eric,

I want to take this opportunity to commend you on your choice of the architectural firm for our new Central Office building at 1920 Technology Parkway, Mechanicsburg, PA. HHSDR has created a building that exceeds the norm for State-leased properties. They have delivered a quality product. Greer Hayden, A.I.A. and his staff were always responsive to our requests and changes throughout the design stages of Phase 1 and Phase 2 of our project. It was a pleasure for me to be able to assist the HHSDR staff with the development of our building's design. Please pass along my congratulations to HHSDR on a job well done.

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles Rishel', written over a horizontal line.
