To Whom It May Concern;

Please let this letter serve as a strong recommendation for HHSDR as it relates to their professional competence as an Architectural/Engineering firm, especially Mr. Greer Hayden and Mr. Michael P. Cioli. Mr. Hayden designed our million dollar James E. Feeney Technology Center, located in LindenPointe, Hermitage, Pa. Mr. Cioli was the Project Architect. He listened intently and worked diligently. HHSDR exemplified excellent communication and negotiation techniques with the contractors and material suppliers. They were always available to answer any questions that the contractors, our Information Technology staff or I may have had and to correct or allay any concerns about something that was going on in the building process.

I would without reservation, highly recommend HHSDR as the architect and engineering firm for any project you may be considering. Please do not hesitate to contact me, should you require any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Sam Kudelko Jr.", written over a horizontal line.

Sam Kudelko Jr.
Senior Director of Support Services
