...I am writing to recommend HHS DR Architects & Engineers for any design or other initiatives and to convey our satisfaction with their work. In 2010, HHS DR submitted and presented plans for the Rissell-Schreyer Dome here on the campus of Thiel College.

We chose HHS DR as the firm to lead our construction of the Rissell-Schreyer Dome and felt this was one of our successful projects during the past few years. HHS DR also submitted designs for a building that the College is undertaking soon, and while the result was that the donor wanted to go in a different direction, their work was top quality and we will consider them anytime we consider future projects...

- Troy D. VanAken, Ph.D., President, Thiel College, February 1, 2012
